

## Time For Shift

We humans are naturally a peaceful race,  
Full of love and full of grace.  
And in these times of unrest and war,  
We need to love each other more and more.

The World is off track, we've lost our way,  
We must stop blaming and to ourselves must say:  
"I am responsible for what happens to me",  
And have the feeling of 'let it Be'!

It's time for shift, it's time to see,  
That I can help you and you can help me.  
We can love our neighbours, our friends, our foes,  
Our Hearts guide us because this wise part knows.

Let's put down our weapons, and let go of greed,  
These two actions could indeed  
Change all lives on Planet Earth.  
Making these shifts will soon show their worth.
