

Truth

To enjoy a fulfilled life we must have fun
Walking, playing, enjoying the sun,
Chatting, creating, feeling good,
Doing what we enjoy, not what we *should*!

There are many things we each love to do,
Just remember to be YOU!
Even when the real you is a goof ~
All ways be sure to stand in your truth!!

Truth is freedom, nothing more or less,
It is something that we must all address.
Living lies will not let us be whole,
From us this wholeness, the system stole.

We can take it back by losing the "NAME",
It's the simple way to leave their game!
No Legal Names here, bad luck mate,
I know the truth now ~ you're too late!!

We now stand in our power, we stand in truth,
We go and announce it from every roof!
Lies become exposed, it all ways fails,
Remember that Truth all ways prevails!
