

Adventure

I visualise, I take a peek,
I ask myself 'what do I seek?'
When inspiration bursts within,
That's when I start to grin! 😊

I see a life of full creation,
A life that asks for no explanation.
Ideas emerge, they are not exact,
But I know exactly when to act.

I travel on and wander through,
Many adventures exciting and new.
I realise, without a plan,
Once I decide, I simply can!

Adventure is my way to live,
This way my energy, I can give
To all humanity, to life, to Love,
To all on Earth, and all above.

Each day I know, I don't have to know,
What to do or where to go.
I flow along happy in every moment,
Living in my authentic inflowment.
